BATCH NUMBER - 2024
PRESENTED BY - ARUN THAKUR
ROLL NUMBER - 24100130008
TASK No 06 - STORY BOARDING ON SMARTBIN

1

Traditional waste management is inefficient and unsustainable.

2

The solution: SmartBin, a smart waste management system.

3

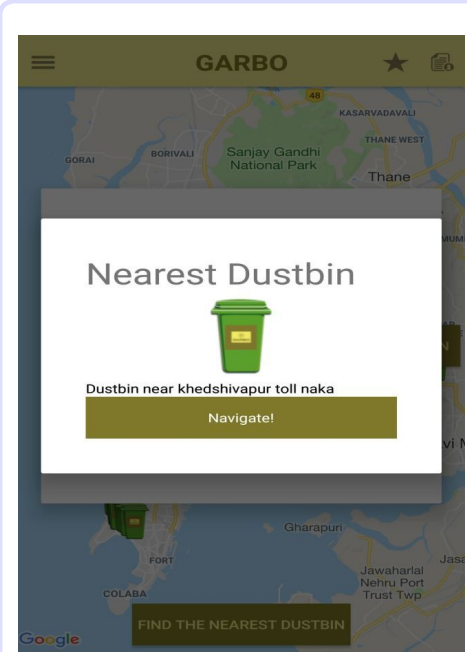

SmartBin uses sensors to monitor waste levels and types.

4

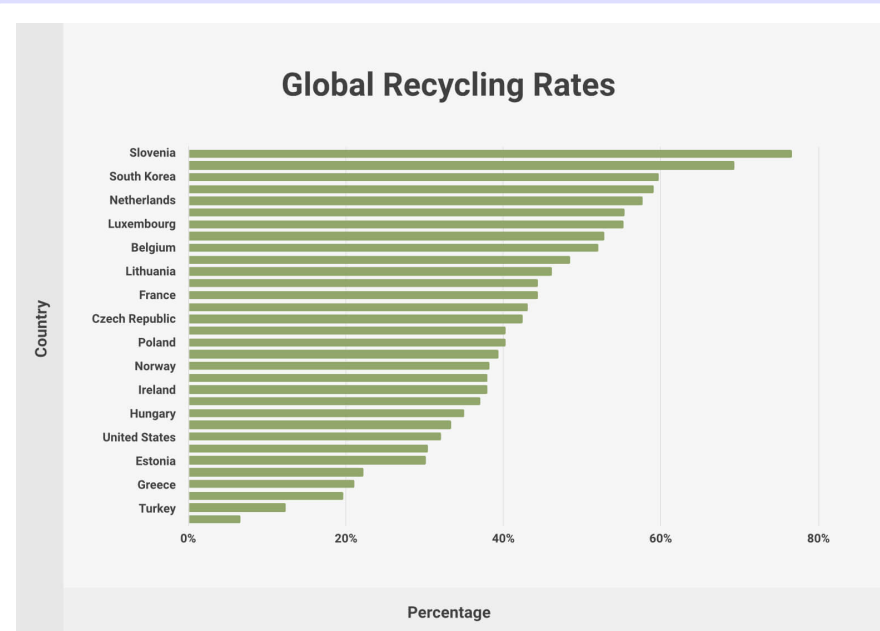

SmartBin optimizes waste collection routes, reducing fuel consumptions and emissions.

5

SmartBin empowers citizens to participate in waste management.

6

SmartBin helps create a cleaner, more sustainable future.
